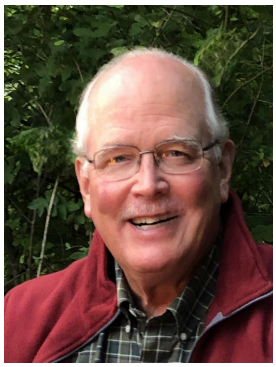
Review of Last Month's Guest Speaker Presentations

October 1: Dale Schultz, Dave Mahoney, and Jeff Mandell -- Transcending the Politics of Division *--submitted by Rich Leffler*



Former state Senator **Dale Schultz**, former Dane County Sheriff **Dave Mahoney**, and **Jeff Mandell**, General Counsel and President of Law Forward, all explained United Wisconsin, an unincorporated association that advocates for the adoption of "Fusion Voting" in Wisconsin. Fusion voting allows a candidate to be on more than one ballot line. It was banned, they say unconstitutionally, by the legislature in 1897.

It is also illegal in all but two states, one of which is New York. The speakers argued that it will lead to moderation in our presently extreme politics and to better government.
But is this true in New York?

October 8: Matt Villeneuve -- Wisconsin's Other School System: Indian Boarding Schools *--submitted by Rich Leffler*

Matt Villeneuve, UW-Madison Assistant Professor of U.S. History and Native American Indigenous Studies, spoke to Rotary about the history of Indian Boarding Schools, 1879-1975.

These existed as parochial schools or under the federal government. They were intended to transform American Indians from "savagery to civilization." There were day schools in village sites, boarding schools on reservations, and off reservation boarding schools (which could be hundreds of miles from Indigenous villages). The latter were intended by the government to "kill the Indian" in the children by taking children from their parents, language destruction (English only permitted), assimilation.

Much current research on this is being done by historians such as Professor Villeneuve.

October 15: Madison Police Chief John Patterson *--submitted by Ellsworth Brown*

Chief of Police **John Patterson** delivered a short speech Wednesday afternoon at the Park hotel's 8th floor, fittingly overlooking the city that, for 27 years, was the home of his training, learning, and protection of Madison.

The speech, delivered with enthusiasm, pride and a smile, covered a large scope of information, virtually all of it a career-long diversion from his high school and college intent on being a Spanish teacher, to the top of his career as Madison's new Chief of Police. We learned that he has three children, one daughter, a student at UW-Madison.

We also learned that his new position advances a three-pronged focus: a culture of service, including recruitment and peer support teams; aspirations and goals, including tracking measures of high-quality service; and a culture of learning that emphasizes caretakers, not warriors. And more…

If the speech was short by design and billing, his presence was actually extensive. Using well-polished engagement upon arrival and after the speech, and with practiced enthusiasm and a smile, he roamed the audience, sitting among tables for conversations, with focused listening and good answers. I'm guessing that, to a person, we were impressed and confident in the choice of Chief Patterson.

October 22: Jim Berkenstadt, Madison's Own 'Rock and Roll Detective' is Internationally Known as the Go-To Consultant for the Beatles and His Award-Winning Mysteries in-Music Bestselling Books *--submitted by Sharyn Alden*

It's not often new stories about the Beatles come to light.

But on October 22, Rotarians were treated to what might be called, a "one-of-a-kind" program. That's because **Jim Berkenstadt**, who calls Madison home, is internationally known as the "Rock and Roll Detective," and bestselling author of non-fiction, popular music history and musical mystery books.

Jim has also consulted on rock and roll mysteries for films seen on Netflix, Hulu, Disney Plus and Paramount Plus. For movie buffs, his impressive work also includes serving as a consultant to the award-winning filmmaker, Martin Scorsese when he was making his 2011 film, "Living in the Material World" about George Harrison.

Uncovering lost history and mysteries has required Jim to put on his "gum shoes" and play rock and roll detective all over the world.

One example – How could drummer Jimmie Nicol, who briefly replaced Ringo Starr on the Beatles '64 world tour, simply vanish after 13 days of fame with the Beatles? It led Jim to

writing the book, “The Beatle Who Vanished.” In his never-give-up spirit, Jim has searched for Jimmie all over the world—to no avail.

More excitement coming --the book has been optioned for an upcoming film and is currently in development. Stay tuned.

October 29: Dr. Jennifer Berne, President of Madison College -- Behind Every Door: Discover, Opportunity, and Impact *--submitted by Larry Larrabee*

Dr. Jennifer Berne, Rotarian and President of Madison Area Technical College, gave a sweeping view of the school and its impact on Madison and the region.

Her stated theme was that MATC students become the essential citizens that make the world a better place. She emphasized that local students are becoming prepared to contribute to our broader local community whether as CNA’s, firefighters, veterinary assistants or dental assistants, as well as others being prepared to complete Bachelor level degrees at 4-year colleges.

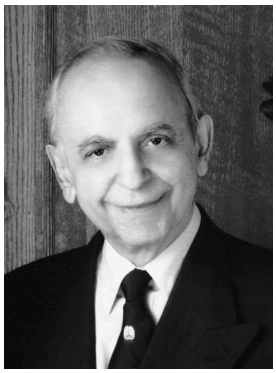
Along with four satellite campuses, MATC provides 200 different degrees. The 16 area technical schools in Wisconsin, in total, represent 44% of all college freshmen in the state.

Our thanks to **Rich Leffler**, **Ellsworth Brown**, **Sharyn Alden**, and **Larry Larrabee** for providing these summary articles for our guest speakers during the month of October. If you missed an previous Rotary guest speaker presentations, you can watch most of them on our club's **YouTube Channel**.

2025 Mitch Javid Award Recipient: Susan Schmitz

Presented by James Tye – Oct. 1, 2025

Our Member Recruitment Team continues to encourage each of us to think about friends, colleagues, and family members who would make great additions to our Rotary Club.



In 2014, the committee created a special award to honor members who excel at sponsoring new Rotarians. This award is named after the late Rotarian Mitch Javid, who holds the club’s record for sponsoring the most members. And so each year, we honor Mitch’s memory as we recognize the member who has served as the primary sponsor of the most new members over the past three years—and whose new members remain active in our club.

Mitch was a devoted member of our club from 1968 until his passing in 2021. Over those five plus decades, he sponsored 56 members and co-sponsored another 10. Despite his demanding career as Chairman of the UW Department of Neurosurgery, he reserved Wednesdays at noon for Rotary. Mitch once said: *“I love*

Rotary. It is very dear to me. I believe in it and so I want to share it with other good people."

Carrying that spirit forward, I'm pleased to introduce this year's Mitch Javid Award recipient.

It is once again long-time member **Susan Schmitz** who has truly been a champion of Rotary membership. This is the fifth time since 2014 that she has earned this award!

Susan has served as the primary sponsor to 8 new members since 2022. They are: Mark Guthier, Jeff Boudreau, Chris Campbell, Paul Rider, Rebekah Pare, Lindsey Yoder, Peter Welch and Wendy Wink.

Susan joined our club in 1989 and retired in 2018 from her role as President of Downtown Madison, Inc. She was club president 30 years ago and continues to remain very active in leadership roles in our club. She leads our Member Experience Team, serves as our Fellowship Group Coordinator and actively contributes to several other major committees.

Congratulations to Susan on receiving this year's Mitch Javid Award!

Rotary Club of Madison's Club Service Award to Robert Reed

Presented by Joyce Bromley - October 8, 2025

Today we will be awarding an Avenue of Service Award.The Membership Recognition Sub-Committee has 12 members, 6 from the Board of Directors and 6 members-at-large.

Our role is to recognize members of our Club for their extraordinary service in one of the five avenues of service which are:

- contributions to our Club,
- to the community,
- to the international community,
- to the youth,
- or by sharing their vocational skills.

Robert Reed who serves our Club in many ways will be awarded an Avenue of Service Award for his contributions to our Club.

Robert has chaired our Music Committee since 2023 (for which we have greatly benefitted). He helps select music for our weekly meetings and brings artists to perform for us. He serves as a mentor to one of our Rotary Scholars, and serves on the Button Box Committee. Last but not least, he is serving his second of a two-year term on our Club's Board of Directors.

Robert has been a Rotarian for 14 years. Before moving to Madison in 2022 to become Executive Director of the Madison Symphony Orchestra, he had been a member of the Rotary Club in Plano Texas for 11 years.

In recognition of his dedication to our Club, we are honored to present him with the 2025 Rotary Club of Madison *Club* Service Award.

President Anthony presented Robert with an award pin and a certificate for recognition of his contributions of our Rotary Club.

Congratulations, Robert, and thank you for your continuing dedicated Rotary service!

Senior Service Guest Christine Gauder

Introduced by Christine Beatty – Oct. 29, 2025

The Rotary Senior Service Award provides us with the opportunity to know adults in our community who are exemplars of the Rotary Ideal of *Service Above Self.*

Our award recipient, **Christine Gauder**, received her degree from Indiana University in Pediatric Nursing and then lived, raised a family and worked as an RN in Stevens Point for 37 years. Her role in the Cardiac Care Unit also included teaching responsibilities.

Upon arrival in Madison, her initial volunteer service was in the University of Wisconsin Arboretum. She enjoyed weeding the gardens and sorting wildflower seeds and was active there for three years. The physical nature of her volunteer service, plus driving to that location had to change, because Christine began to experience health issues, which ultimately included two surgeries and radiation for brain tumors.

She was not deterred from serving in our community; she discovered the Madison Children's Museum! Once her health stabilized, the Museum was a pleasant walk from her home and offered fulfilling volunteer service as an "animal ambassador." She helps children develop empathy with animals and an understanding of ecosystems, one gecko or turtle at a time! Using her education and career experience, she has come full circle to create amazing hands-on interactions between children and animals.

Volunteer Coordinator Tim Gruber says, "Christine lights up a room when she engages with visitors, and she makes everyone feel accepted and welcome." She has worked 2-3 hours weekly since 2013.

In addition to her service, her friendly and kind communication with other volunteers, family members and museum staffers has generated warm intergenerational exchanges and caring relationships within the organization. She has been mentioned in museum surveys as “creating a positive visitor experience.”

Christine believes that by simply helping others, we express our appreciation for this life.

It is our honor to recognize YOU, Christine, and to express our appreciation for your service in our community.

Past President's Dinner 2025

Past Presidents of our Rotary Club of Madison joined together for dinner on October 3rd. We currently have 30 past presidents in our club, and about half were able to attend the dinner this year. A big thank-you to Melanie Ramey for organizing this event, and they hope to make it an annual tradition.

On left side of table: Jason Beren, Dave Mollenhoff, Angela Bartell, Christine Beatty, Andrea Kaminski, Roth Judd, Steve Mixtacki, Larry Smith.

On right side of table: Melanie Ramey, Charles McLimans, Rob Stroud, Dave Ewanowski, Susan Schmitz, Renee Moe, Ellsworth Brown, Paul Riehemann.

Fund Drive Kick Off Set for November 5th

As this year’s annual Fund Drive begins this week, we wanted to highlight some of the projects being funded by your gifts to our annual fund drive to benefit our Madison Rotary Foundation.

Every dollar contributed to our annual fund drive provides direct support for educational programs as well as to help organizations create lasting change to build a stronger, more resilient community.

This year, we are supporting the following Excellence in Education Grants:

Excellence in Education Grants Total $144,234

This year's Rotary Excellence in Education Grant Review Committee reviewed 23 applications with requests totaling over $850,000. The committee conducted site visits for the finalists and selected six organizations we felt best fit our criteria which includes: Targeting underserved communities; Enhancing access to quality education, Fostering inclusive learning environments, Addressing the achievement gap; and Collaborating with schools and other nonprofits to leverage resources and expertise. In addition, the group looked at selecting organizations that can offer volunteer opportunities for our club members to be connected to the projects.

Below is the listing of Excellence in Education grants that have been awarded totaling $144,234 to seven organizations. During this year's fund drive that starts in a few weeks, we will highlight one of these organizations each week so you can become more familiar with each of the grants being awarded.

$144,234 High Impact Grants Awarded to:

Big Brothers Big Sisters of Dane County: $35,000 to expand and enhance school based mentoring programs to serve 120 youth at 5 public school sites.

Journey Mental Health Center: $11,617 for student support groups within MMSD partner schools.

Madison Public Schools Foundation: $5,000 for exploration of Adopt-a-School program at Virginia Henderson Elementary School.

Madym: $25,000 to expand and enhance the Immersive Program Pathway for middle and high school girls and students of color with sustained, high-impact STEM education.

Root 2 Rise: $31,000 for Tutor-Mentors at elementary schools in Madison to support K-5 students through structured, in-school mentoring and tutoring.

Simpson Street Free Press: $25,000 for students to explore, learn, and write about history, geography, and science.

Wisconsin Youth Symphony Orchestra: $11,617 for the Music Makers Ensemble Programs.

Innovation Grants Total $69,592

The Innovation Grants program is one that exemplifies Rotary's spirit of creativity, problem-solving, and community impact. This year, $69,592 is being provided in grants of up to $5,000 to 15 nonprofit organizations that are seeking to try something different. They are working to develop innovative solutions, inspire positive change and working to tackle community challenges in fresh and meaningful ways.

The 15-member committee reviewed 64 applications. Below is the listing of the 15 organizations that received one of our Innovation Grants this year. These grants will help them test new ideas, pilot breakthrough programs, expand existing efforts, and reach more individuals and families in need.

- **Aldo Leopold Nature Center:** $5,000 for designing and distributing nature tool kits to community sites for underserved populations.
- **Bayview Foundation:** $5,000 for Spark Grants for burgeoning community leaders to empower them to design and lead their own projects.
- **Bikes for Kids Wisconsin:** $5,000 for the Guided Rides Series to help Madison youth ages 11-15 from low income households participate.
- **Community Support Network:** $2,000 for development and pilot Workplace Readiness Training.
- **Focused Interruption, Inc.:** $4,599 for Aftercare and Recovery Services for survivors and loved ones facing long term effects of gun violence.
- **Latino Academy of Workforce Development:** $5,000 for bilingual, online workforce readiness training series.
- **Madison Children's Museum:** $4,599 to expand the Lunch Box Café.
- **Madison Reading Project:** $4,599 to create large scale print versions of popular children's books.
- **Maydm:** $5,000 to make programs accessible to all students.
- **Root 2 Rise, Inc.:** $4,599 for outreach efforts to graduates and alumni.
- **Second Harvest Food Bank of Southern Wisconsin:** $5,000 to purchase food for the Market Harvest Program.
- **Specialty Care Free Clinic:** $4,599 to create awareness of services through digital approaches.
- **The Playing Field, Inc.:** $4,599 for a collaboration with the Road Home and Plumbers Union Sessions.
- **The River Food Pantry:** $5,000 for affordable insulated backpacks for families to carry groceries.
- **Yada Fair Trade & Resale:** $5,000 for a mobile cart to provide jobs to trafficking survivors.
