

# Rotarians at Work Day

## Saturday, May 1, 2010

### VOLUNTEER FOR QUANN PARK CLEAN-UP

Rotarians and their family members can sign-up to volunteer to clean up Quann Park, 204 Bram Street, which is located in the northwest corner of Bram Street and John Nolen Drive and near Alliant Energy Center. This park is located on the bike path, too. This is an opportunity to make a difference in our community by cleaning up a park and getting it into shape for the summer season. Come and roll up your sleeves and let's work together in this community service effort. **Our club's clean-up project on May 1 is part of a district-wide Rotary community service day which has been organized by District Governor Dean Dickinson.**

We will also have a plant exchange as part of the morning's activities. More details will be announced about this opportunity.

Check a two-hour shift for our community service day, **Sat., May 1:**

\_\_\_ 8 - 10 am

\_\_\_ 10 - noon

We will have a cookout at noon at the park for all of our volunteers.

-----  
Retain top portion for your information and complete and return lower portion to Rotary office by April 1, 2010

# of volunteers from your family, including you: \_\_\_\_\_
